Dear Damon

I just wanted to thank you and your team for the many years of support and hard work you have put into our marketing and website. With your help the website is now firmly embedded in the search engines.

The technical improvements made to the website and advice over the years have ensured that our position in the search engines has continued to improve. We are pleased to say that Avanta are now in the top five for all our primary search terms. The Google Ad campaign that Emotio revised has now significantly increased traffic within the same budget and this has had a positive impact on the business.

Please feel free to let your other clients know that Avanta is very happy with the work carried out by Emotio and we would not hesitate to recommend your services.

Kind regards

Chris Taylor
