Dear Damon

I just wanted to thank you and your team for the many years of support and hard work you have put into our marketing and website. With your help the website is now firmly embedded in the search engines.

The technical improvements made to the website and advice over the years have ensured that our position in the search engines has continued to improve. The monthly conference calls that we have with you are invaluable. We can clearly see from the reports that you produce, how the traffic to our site has significantly increased which has had a positive impact on our conversion rate and the business as a whole.

Please feel free to let your other clients know that BIG is very happy with the work carried out by Emotio and we would not hesitate to recommend your services.

Yours sincerely

Joe Jones  
Sales and Marketing Manager
